

SELBEKK, TRUMP OG 2024

Selbekk, Trump, Biden, '6 jan.', Covid-'vaksine', WHO, mal-informasjon, avvikling av middelklassen, Elite-Left Woke Agenda ...

"I 2024 har verden et desperat behov for ledere med kalde hoder og varme hjerter:"

"Det siste verden trenger nå, er at Donald Trump på nytt blir verdens mektigste mann." (Usignert leder, Dagen 22.12.23)

"Ordene "hvorfor?" og "hvordan kunne dette skje?" krever at folk tar et byks ut av komfortsonen for å forstå den verden vi lever i. Mange greier ikke å mobilisere motet som trengs for at de skal kunne dissekere sitt eget verdensbilde og sette det sammen igjen i overensstemmelse med alle faktaene som har veltet over oss de siste årene." (Meryl Nass¹)

Dag Jørgen Høgetveit; januar 2024

Mer Vebjørn Selbekk:

"De som eventuelt fortsatt var i tvil om hva slags person Donald Trump er, burde ha kommet til sannhets erkjennelse da Kongressen ble angrepet den 6. januar 2021. Da ble hele verden vitne til hvordan han plasserte seg selv over det amerikanske demokratiet. Han var villig til å sette hele det politiske systemet i USA på spill for å tviholde på en makt velgerne hadde tatt fra ham.

Skrekkscenene utenfor og inne i Kongressen var bunnivået på Donald Trumps presidentskap. Volden og kaoset i hjertet av USAs hovedstad var Trumps ansvar, det var han som hadde oppildnet demonstrantene og bedt dem marsjere mot Kongressen for å hindre stadfestelsen av et lovlig gjennomført valg.

Det som skjedde var kulminasjonen av mer enn fire år med splittelse, hat, løgn og konspirasjonsteorier fra mannen som kun er opptatt av en eneste ting: Å tviholde på egen makt koste hva det koste vil."

"Ved inngangen til 2024 er det mer behov enn på lenge for det USA som vi kjenner, elsker og respekterer. Nasjonen som ser på seg selv som "the city on a hill", et lysende eksempel for verden på frihet og demokrati."

Hvilket USA er det Selbekk kjenner? Er Selbekk blind? Redaktør Selbekk uinformert?

Det kan forutsettes at Selbekk har foretrukket / foretrekker Joseph Biden's presidentskap fremfor Trump's.

Hvordan så USA & Verden ut med Donald John Trump i 1600 Pennsylvania Avenue NW? Enn med Joseph Robinette Biden jr.?

Her følger noen henvisninger med henblikk på realitetsorientering – da ikke minst med tanke på fremtiden:

Hva angår US Congress 6. januar 2021:

"Joe Biden plans to commemorate the third anniversary of the events of January 6 by giving a speech Friday morning near Valley Forge, Pennsylvania, the historic site where General George Washington regrouped the Continental Army despite all odds in 1777-78.

¹ I Malone, Rober W: Hvordan myndighetene bløffet oss; Document 2023; s.58.

After years of comparing Jan 6 to 9/11, Pearl Harbor, and the Oklahoma City bombing, Biden will again desecrate hallowed ground and the graves of the victims – roughly 2,000 soldiers died over a six-month period at the Valley Forge encampment – to prioritize the largely peaceful protest at the Capitol as a pivotal event in American history. Fighting Trump and his supporters, the stunt apparently is supposed to demonstrate, is just like living in subhuman conditions fighting starvation, hypothermia, and deadly diseases to prevail over the British crown. (Ironically, Biden moved up the speech from Saturday to Friday amid bad weather forecasts.)

"The president will make the case directly that democracy and freedom – two powerful ideas that united the 13 colonies and that generations throughout our nation's history have fought and died for – remains (sic) central to the fight we're in today," said Quentin Fulks, Biden's deputy campaign manager." "... they're going down. These men in their high perch and their position of power and authority that are walking upon our entire history, our deepest core principles. Dokumentaren J6: A True Timeline; basert på video-opptak – tid: 1:06:14. "January 6 is a dark day in American history, but not in the way it has been portrayed. The American people deserve the whole, uncut truth of what transpired minute by minute. In reality, J6 was a complex human event; one where a peaceful, joyous morning of First Amendment assembly became a riot for reasons that are much more nuanced than most want you to believe." Når J6: A True Timeline er til ende, er ingenting tilbake av Selbekks fremstilling av Donald J. Trump denne dagen i 2021. Problemet for Selbekk er at kunnskapen om Trump og kongress-hendelsen ikke er av ny dato.

"This video features the very timely presentation by Dr. Victor Davis Hanson at Hillsdale College, in Hillsdale, MI, on topics from his bestselling book, "The Dying Citizen: How Progressive Elites, Tribalism, and Globalization Are Destroying the Idea of America." He is introduced by Dr. Mark A. Kalthoff, the Henry Salvatori Chair in History and Traditional Values and Dean of Faculty at Hillsdale College."

(En parentes. <https://www.hillsdale.edu/>: "Hillsdale College [founded 1844] is a small, Christian, classical liberal arts college in southern Michigan that operates independently of government funding. Our students come from nearly all of the United States and a dozen foreign countries, and drawn to the challenge of a Hillsdale education, they grow in heart and mind by studying timeless truths in a supportive community dedicated to the highest things."

"Hillsdale College Free Online Courses – America's Public Education

These free, not-for-credit courses are taught by Hillsdale College faculty and are patterned after the education offered on the Hillsdale College campus. They aim to provide students with an education that pursues knowledge of the highest things, provides insight into the nature of God and man, forms character, and defends constitutional government."

"Hillsdale's modern rise to prominence occurred in the 1970s. On the pretext that some of its students were receiving federal loans, the Department of Health, Education, and Welfare attempted to interfere with the College's internal affairs, including a demand that Hillsdale begin counting its students by race. Hillsdale's trustees responded with two toughly worded resolutions: One, the College would continue its policy of non-discrimination. Two, "with the help of God," it would "resist, by all legal means, any encroachments on its independence."

Following almost a decade of litigation, the U.S. Supreme Court decided against Hillsdale in 1984. By this time, the College had announced that rather than complying with unconstitutional federal

regulation, it would instruct its students that they could no longer bring federal taxpayer money to Hillsdale. Instead, the College would replace that aid with private contributions.

Hillsdale continues to carry out its original mission today, both in the classroom and nationwide, through its many outreach programs, including its monthly speech digest, Imprimis. A prayer written in the Bible that was placed inside the 1853 cornerstone of Central Hall reflects its continuing commitment: "May earth be better and heaven be richer because of the life and labor of Hillsdale College." **Parentes slutt.)**

Noe annet – det er det forresten ikke:

Mer Selbekk – NRK Ytring 15.12.21: "De ansvarlige myndighetene fra Helsetilsynet til Statsministeren ber nå folk innstendig om å ta vaksinen. Så hvorfor i all verden er det fremdeles en del som ikke gjør det?"

Enkelte finner det vi må kalle en slags religiøs-konspiratorisk begrunnelse for å si nei takk til det potensielt livreddende stikket."

"Det finnes de som går så langt som til å tilby forbønn for å avvaksinere ... De kaller det å fjerne giften fra kroppen.

Men det eneste giftige her er det brygget disse predikantene har kokt sammen på en oppskrift av tvilsomme bibelutlegninger, manglende tillit til myndighetene, konspirasjonsteorier og falske profetier. Den blandingen er livsfarlig, folk har allerede dødd."

Januar 2024 – <https://tuckercarlson.com/the-tucker-carlson-encounter-bret-weinstein/>:

Bret Weinstein: "... It's almost impossible to exaggerate how troubling what is being discussed is. In fact, I think it is fair to say that we are in the middle of a coup. We are actually facing the elimination of our national and our personal sovereignty. And that is the purpose of what is being constructed, that it has been written in such a way that your eyes are supposed to glaze over as you attempt to sort out 'what is it?', 'what is under discussion?' And if you do that, then come May of this year, your nation is almost certain to sign on to an agreement that in some utterly, vaguely described future circumstance, a public health emergency which the director general of the World Health Organization has total liberty to define in any way that he sees fit. In other words, nothing prevents climate change from being declared a public health emergency that would trigger the provisions of these modifications. And in the case that some emergency or some pretense of an emergency shows up, the provisions that would kick in are beyond jaw-dropping."

Tucker Carlson: "-I'm so old that I was still stuck in the truth or falsehood binary, where what mattered was whether it was true or not."

Weinstein: "-No, the mal information^[10] is actually exactly what you need to know about, to see how antiquated that notion is, because this is actually the Department of Homeland Security actually issued a memo in which it defined three kinds of, I kid you not, terrorism. Mis, Dis and Mal information; misinformation are errors, disinformation are intentional errors, lies, and *mal* information are things that are based in truth that cause you to distrust authority.

Carlson: "-Oh, so mal information is what you commit when you catch them lying?"

Weinstein: "-Exactly. Yeah, it is, discussing the lies of your government is mal information and therefore a kind of terrorism, which I should point out, as funny as that is and as obviously Orwellian as that is, it's also terrifying because if you have tracked the history of the spreading tyranny from the beginning of the war on terror, you know that terrorism is not a normal English word the way it once was. Terrorism is now a *legal* designation that causes all of your rights to evaporate. So at the point that the Department of Homeland Security says that you are guilty of a kind of terrorism for saying true things that cause you to distrust your government, they are also telling you something about what rights they have to silence you. They are not normal rights. So these things are all terrifying. And I do think as much as... The COVID pandemic caused us to become aware of a lot of structures that had been built around us, something that former NSA officer William Binney once described as the turn-key totalitarian state – the totalitarian state is erected around you, but it's not activated. And then once it's built, the key gets turned. And so we are now seeing, I believe, something that even outstrips William Binney's description because it's the turn-key totalitarian planet. I think the World Health Organization is above the level of nations, and it is going to be in a position, if these provisions pass, to dictate to nations how they are to treat their own citizens, to override their constitutions, despite what Tedros has told you."

"Certainly feels like we're facing an *end* game where important properties that would once have been preserved by all parties because they might need them one day, are now being dispensed with. And we're being, you know, we're watching our governmental structures and every one of our institutions captured, hollowed out, turned into a paradoxical inversion of what it was designed to do. That's not an *accident*."
